We are McLaughlin. We provide world class services.

McLaughlin Services offers heat-treat services with a multitude of options. Whether your business requires atmosphere generators, custom flow panels, large car bottom furnaces, temper furnaces, internal quench (IQ) furnaces – McLaughlin has you covered with custom builds, ongoing maintenance and the highest standards.

DESIGN

We draft custom designs to fit the myriad of purposes the industry has innovated.

BUILD

We put together the best product money can buy utilizing the highest quality materials.

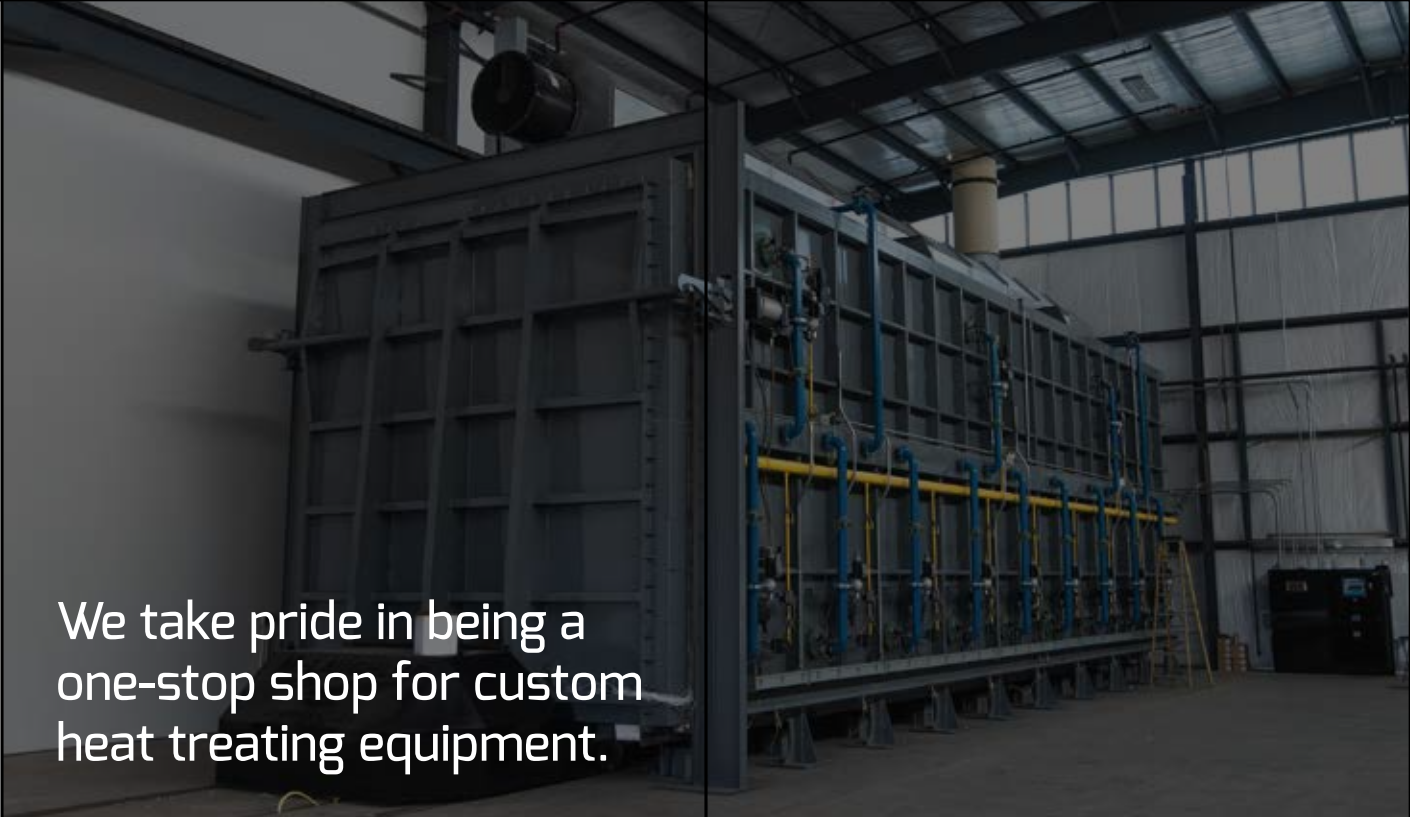

MAINTAIN

We service all manner of heat-treat equipment to ensure safety, longevity, and minimal down time.

ONE-STOP

McLaughlin is the best place for all of your heat treat needs.

We take pride in being a
one-stop shop for custom
heat treating equipment.
